

TECHNICAL BROCHURE · SERVICES

Metalworking

Our own production: a high-precision CNC machine park, heat-treatment section, mechanical assembly shop, automated welding and hardfacing.

CNC

high-precision machine park

7

types of production work

Auto

automated welding and hardfacing

Our production facilities are equipped with modern machinery: a high-precision CNC machine park, automated welding processes and special equipment that ensures high-quality products.

Production base

High-precision CNC machine park

Precision machining of parts.

Thermal section

Hardening, carburizing, nitriding, tempering and other heat treatments.

Mechanical assembly shop

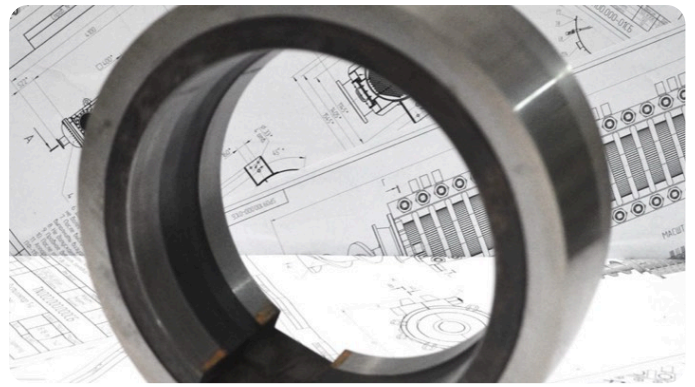

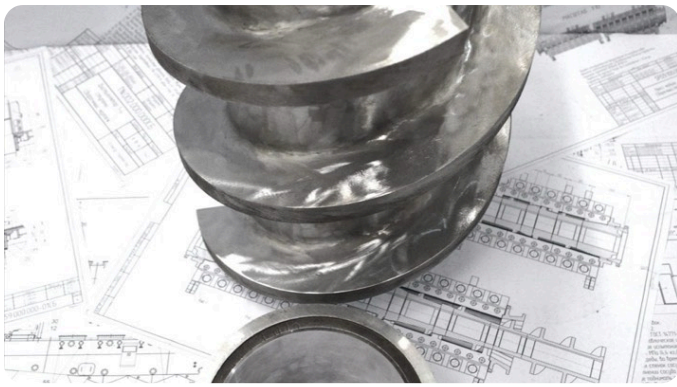

Assembly of units and equipment.

Welding equipment

With automated welding processes.

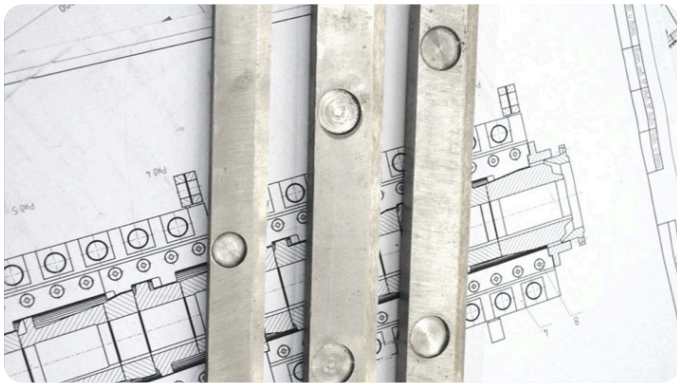

Metal hardfacing equipment

Wear-resistant hardfacing of working surfaces.

Types of work

- milling and boring
- lathe work
- hardfacing
- welding
- grinding
- bending and cutting of metal
- gear shaping

Need a calculation or a quotation?

Send us your requirements — we will select the model for your raw material and capacity.
